● Vendor pays annual fee to Mokksha

● Vendor is empanelled and starts receiving quote requests via email and intimation by SMS

Pharma Consultancy Services

The pharmacy operations of the healthcare industry play a key role in the overall healthcare experience of the end customer. The logistics and management expertise required for the pharmacy is far higher then what is perceived from the small dispensing window.

As part of our consultancy operations we offer:

a) Assist in establishing infrastructure

b) Assist in Software and Hardware set up

c) Website development.

d) Establishing procurement process.
    (Fully Automate Procurement Process)

e) Distribution Process.

f) Sales Promotions.

g) MIS Reports.

h) Audit.

I) Accounts & Vat .

j) Training to pharmacy staff.

k) Supplying manpower.

HR SERVICES – PHARMA OPERATIONS

Recruitment, training, monitoring, technology empowerment, fuzzy logic skills for the front line employees, motivation and sustaining performance levels of the pharma team are some of the core competencies of MOKKSHA.
